

Característica

1.100% ratán natural

2. Alta calidad

Tamaño 3.customized

4.No MOQ Limited

1.100% hecho a mano. El ratán natural hace que la cesta sea segura y duradera.

2. Se podría hacer en todas las formas y tamaños que desee. Redondo, triangular, ovalado y ect.

3. Es bueno para la prueba de masa. Ahorre su tiempo en dar forma.

4. Además, podríamos ayudarte a personalizar tu código de barras y etiquetas.

Productos fotos :

Habilidad para personalizar

Código del objeto	TSBT05
Material	Ratán natural
Forma	Corazón
tamaño	20x15x8cm
Color	Natural
MOQ	50 pcs
Embalaje	50 unids / cartón

Cómo utilizar cestas de pruebas:

1. Limpie y seque la canasta, cubierta delgada y uniformemente con harina a lo largo del interior de la canasta

2. Coloque un pedazo de masa en la canasta de ratán hasta que esté completamente fermentada para que se ajuste a la canasta
3. El patrón de la canasta de caña de ratán imprime claramente en la masa fermentada, se forma un hermoso molde de pan.
4. Voltee la canasta, sáquela de la masa y transfírala a una bandeja para hornear del horno.
5. Hornee el pan, limpie la canasta o coloque otra masa en él, repita el procedimiento anterior

¿Cómo mantener y limpiar la canasta de banneton?

En primer lugar, para eliminar los grupos de harina de la superficie del banneton, cepille ligeramente sobre el fregadero y golpéelo varias veces después de cada uso.

En segundo lugar, cuando la película de harina sobre el banneton se vuelva espesa y crujiente, empápela en agua fría durante 20 minutos y use un cepillo de fregar (sin jabón) para limpiarla.

En tercer lugar, si es posible, cuelgue el banneton al sol para que se seque al aire. Dependiendo del nivel de uso, las panaderías profesionales lavan los bannetons cada seis meses o cada dos años. Si solo hornea un pan ocasional en la casa, es posible que el banneton nunca necesite un lavado.
