

# Factory ODM&OEM Commercial Bakery Bakeware, 400x600mm Heavy Duty Aluminized Steel Non Stick Bread Cake Baking Tray Biscuit Cookie Baking Sheet Pan

## **Main features of 400x600mm alusteel non stick bread cake cookie baking sheet pan**

1. **Premium Aluminized Steel Construction:** Crafted from robust 0.7mm aluminized steel, our baking sheet pan is built to meet the rigorous demands of commercial baking. This material choice guarantees durability and even heat distribution, ensuring your baked goods come out perfectly every time.
2. **Tailored Non-Stick Performance:** Say goodbye to the frustration of sticky residues. Our sheet pan features an optional non-stick coated surface, with the added choice of a corrugated or perforated design to enhance your baking experience. These options provide versatility for a wide range of recipes and ensure effortless food release.
3. **Versatile Size and Depth:** Designed to accommodate various baking needs, our sheet pan comes in a generous 400x600mm size. The optional 30mm and 50mm depth variations allow you to adapt the pan to different culinary requirements, whether you're creating delicate pastries or hearty loaves of bread.
4. **Designed for Professionals:** This sheet pan is the ideal companion for commercial bakeries, restaurants, and food factories. Its durability and longevity guarantee that it will serve you well over the long term, handling the demands of high-volume baking with ease. Invest in a baking tool that's built to withstand the rigors of professional use.
