## Main features of aluminum non stick deep dish pizza baking pan with lid

1. Premium Aluminum Material: Our pizza pan is expertly crafted from high-quality aluminum, ensuring durability and optimal heat distribution. This material guarantees even baking, resulting in consistently delicious and crispy pizzas.
2. Versatile Designs: Choose between a 41mm deep dish pan, ideal for thick, cheesy delights, or a 25mm shallow round tray, perfect for thin-crust masterpieces. Additionally, our pizza pans come in various sizes, ranging from 5 inches to 12 inches, allowing you to create pizzas of different portions.
3. High-Quality Hardening Non-Stick Coating: To simplify your cooking process and cleaning routine, our pizza pans feature a high-quality hardening non-stick coated surface. This exceptional coating prevents your pizza from sticking to the pan, ensuring effortless release and easy cleanup.
4. Aluminum Lid Included: We understand the importance of trapping heat and moisture to create the perfect pizza. That's why we provide an aluminum lid that perfectly fits our pizza pans. This lid helps retain heat, resulting in a well-cooked crust and delicious toppings.
