

Factory ODM&OEM Bakeware, Aluminum Metal Non Stick Fluted Pullman Bread Loaf Pan Toast Sandwich Bread Baking Tin Mold with Lid

Main features of double sided teflon non stick fluted loaf bread baking pan with lid

1. **Premium Aluminum Material:** Crafted from high-quality aluminum, our loaf bread baking pan is designed to provide even heat distribution, ensuring that your bread bakes to perfection every time.
2. **Double-Sided Teflon Non-Stick Coating with Corrugated Surface:** Say goodbye to sticking and tearing with our double-sided Teflon non-stick coating. The corrugated surface (fluted surface) not only prevents your bread from sticking but also imparts an attractive texture to your loaves, making them a feast for the eyes as well as the taste buds.
3. **Multiple Standard Sizes and Custom Options:** Whether you're a professional baker or a home enthusiast, we've got you covered. Choose from our range of standard sizes, or opt for a custom size to suit your specific requirements. We believe in flexibility to meet your unique needs.
4. **Commercial-Grade Durability:** Built to endure the rigors of a bakery, restaurant, or food factory, our bread loaf baking pan is commercial-grade and can withstand heavy usage. However, it's not just for the pros - it's also the best quality choice for your home kitchen, ensuring your homemade bread turns out as good as any bakery.
5. **Proudly Crafted by Professionals in China:** Tsingbuy is a [commercial pullman loaf pan manufacturer](#) based in China with over 15 years experience and trusted by loyal customers from 180+ countries. Our Loaf Pan is a cornerstone product in our range. When you choose our pan, you're not just choosing a product; you're choosing a partner in baking success. Count on us to help you excel in your local market and elevate your baking game.
