

## Machine Stamp 40x38cm 40x30cm 35x25cm Small Size Aluminum Perforated Baking Tray Cookie Sheet Pan without Wire in Rim

Main features of small size aluminum cookie baking sheet pan microwave baking tray

1. made of 1.5mm thick anodized aluminum alloy metal, no rust for long service life and makes bread/cake bake and brown evenly due to its superior heat conductivity.
2. It is made with all inclined side around and with round/right-angled corner for choices. The 1.5mm thickness supports enough strength preventing warping during baking.
3. It is produced for multiple function, for baking cookies, biscuits, bread, and for food processing etc.
4. Anodized surface for better durability and non-stick characteristics.
5. Small sizes for application in home kitchen, can be used in microwave oven.
- 6.
