

Standard Large Size 1500g Nonstick Fluted Aluminum Loaf Bread Baking Pans with Lid

Main features of 1500g double-sided nonstick fluted loaf bread pan with lid

Generous Capacity: With a 1500g capacity, this loaf pan is ideal for baking large, delicious loaves of bread, ensuring you have plenty to share with family and friends.

High-Quality Aluminum Construction: Made from durable aluminum, this loaf pan offers superior heat conductivity, ensuring your bread bakes evenly and consistently.

Teflon Non-Stick Coating: Featuring a double-sided Teflon non-stick coating, this loaf pan allows for easy release of your baked goods and effortless cleaning, making your baking experience hassle-free.

Fluted Surface: The fluted design not only adds an attractive pattern to your loaves but also promotes even baking and browning by increasing airflow around the dough.

Convenient Lid: The included lid is perfect for creating a consistent shape and texture, giving your loaves a professional appearance. It also helps in retaining moisture for a softer crust.

Ventilation Holes: Strategically placed holes at the bottom of the loaf pan improve air circulation, preventing soggy bottoms and ensuring a perfectly baked loaf every time.

Customizable Options: We offer custom designs and sizes to meet your specific needs, ensuring you get the perfect loaf bread baking pan for your unique baking requirements.

Manufacturer Assurance: With over 17 years of industry expertise, Tsingbuy [loaf bread baking pan manufacturer in China](#) guarantees high-quality products that meet rigorous standards. Trust us to provide durable, reliable, and efficient baking tools that stand the test of time.

Factory Direct Supply: By purchasing directly from our factory, you benefit from competitive pricing, swift delivery, and the assurance of receiving top-notch baking equipment straight from the source.
