### 2/3/4 Rows Golden Color Baguette Tray

#### Main features of carbon steel baguette tray French bread mold pan

- 1. Made of carbon steel material, integrated machine stamping process, which is firm, corrosion-resistant and durable.
- 2. The two sides of the mould are non-stick, saving oil and will not stick food to make bread look perfect. After use, it only needs to be wiped gently, which is easy to clean.
- 3. Coating is the most important part of the mold, because it direct contacts with food, related to the heating state and safety of food. Tsingbuy **non-stick baguette tray factory** uses high quality coating, food safety, certificated, easy demoulding, long service life, you can feel free to choose and use.
- 4. Exquisite workmanship, small and light, can be used in the home oven to enjoy the fun of home baking
