

Bakery Bakeware 400*600mm Aluminized Steel Nonstick Mini Square Muffin Cupcake Baking Tray

Main features of 400*600mm 40-tin mini square muffin cupcake baking tray

Durable Aluminized Steel Construction

Made from premium aluminized steel, this tray provides exceptional strength and heat conductivity, ensuring consistent baking results across all units.

Non-Stick Surface

The advanced non-stick coating allows for easy release of baked goods, minimizing mess and ensuring efficient cleanup, while prolonging the tray's lifespan.

Interlocked Design with 40 Molds

Featuring an interlocked construction, this tray holds 40 individual square molds, maximizing efficiency in high-volume commercial baking settings.

Versatile Baking Applications

Ideal for baking square muffins, cupcakes, brownies, and even square chocolate desserts, this tray provides a versatile solution for a wide range of bakery products.

Perfect for Commercial Use

Designed for high-performance in bakeries, food factories, and automatic machinery production systems, this tray is built to withstand the rigors of continuous, heavy-duty use.
