14inch	total length 60cm, handle length 20cm , width 36cm, thickness 1cm

This paddle is designed by pizza shovel [pizza peel factory](#) with chamfered edge which allows the paddle to slip easily underneath crusts, breads or biscuits to remove them from pizza stones or pans. You can even serve the pizza right from the paddle so you don't need to dirty another pan.

Advantage

1. A smooth and sturdy aluminum surface with an oversized soft grip handle for comfort and control. Provides a convenient way to handle pizza, calzones and bread while keeping hands away from the heat.
2. USE: Always use both hands to support the weight of the pizza on the peel.
3. CARE: Hand wash with mild soap; rinse and dry after use. Do not soak handle. Do not use abrasive scrubbers.
4. CAUTION: Do not cook with pizza peel in EGG. Do not leave within reach of children.
