How to use proofing baskets:

- 1. Clean and dry the basket, coated thinly and evenly with flour along inside of the basket
- 2. Put a piece of dough into the rattan basket till it completely fermented to fit the basket
- 3. The pattern of the rattan cane basket clearly imprint on the fermented dough, beautiful bread mould formed.
- 4. Turn over the basket, take out of the dough, and transfer it onto a baking sheet of oven.
- 5. Bake the bread, clean the basket or set another dough into it, repeat the above procedu

How to maintain and Clean banneton basket?

Firstly, to remove clumps of flour from the surface of the banneton, brush it lightly over the sink and tap several times after every use.

Secondly, When the flour film on the banneton becomes thick and crusty, soak it for 20 minutes in cool water and use a scrub brush (no soap) to clean it.

Thirdly, If possible, hang the banneton in the sun to air dry. Depending on the level of use, professional bakeries wash bannetons every six months or every couple of years. If only baking an occasional loaf of bread at home, the banneton may never need washing.
