

Cast Iron BBQ Grill Tray - Nonstick, Multiple Functions, Durable

Main features of waved cast iron outdoor BBQ barbecue grill tray

This versatile cast iron BBQ grill tray is designed for grilling, roasting, and baking with ease. Coated with a non-stick finish, it ensures effortless food release and easy cleanup, making it an essential tool for outdoor BBQ enthusiasts. Measuring 420x270x20mm, this grill tray is perfectly sized for a variety of foods, from delicate seafood and vegetables to hearty cuts of meat, burgers, and even oysters—all infused with that rich BBQ flavor.

Featuring a unique waved surface with perforations, this grill tray allows oils and grease to drain away, resulting in healthier meals. The perforations also let the smoke and heat circulate freely, ensuring even cooking on all sides of your food. Whether you're grilling succulent steaks, juicy shrimp, tender mushrooms, or ripe tomatoes, this tray brings out the best flavors in every bite.

Backed by factory-direct supply and flexible ODM & OEM services, this premium grill tray is an ideal choice for wholesalers, supermarkets, and commercial kitchens, offering a high-quality solution for customers seeking reliable, multi-functional BBQ equipment.
