

# China Factory Wholesale Aluminum Baguette Pan French Stick Bread Baking Tray Baguette Mold

## Product Features

1. Standard size , customized size is acceptable .
2. Crafted from premium-grade aluminum materials, our baguette baking pan is not just a tool; it's a testament to durability and precision engineering fro commercial baking.
3. Each row of baguette mold is flawlessly aligned, ensuring uniformity in the baking process.
4. Optional non-stick surface guarantees easy release and effortless cleaning after use.
5. Whether you're a seasoned professional looking to elevate your craft or a passionate home baker, you can find your desired baguette pan in our Tsingbuy [aluminum tray factory in China](#).

## Instructions of coating daily using

1. Cleaning with soft cloth and drying the tray before your using.
2. Using soft cloth or plastic scraper to clean the residues of the inner trays after finish baking.
3. Better to add some Neutral Detergent into temperature water to clean the residues entirely with soft cloth after using several times.
4. Brush some oil to improve the efficiency of coating while baking high sugar products ( recommend butter, baking tray's oil or lard oil. Don't use salad oil )
