

Custom Made Aluminized Steel Non Stick 15-mold Hamburger Pan, Burger & Roll Bun Bread Baking Tray

Main features of custom made 15-mold hamburger pan

1. Material: Crafted from high-quality aluminized steel, ensuring superior durability, excellent heat distribution, and resistance to warping under high-temperature conditions.
 2. Non-Stick Coating: Features a premium non-stick surface for effortless product release, reducing waste and simplifying cleaning processes.
 3. Capacity: Designed with 15 round molds per pan, providing consistent and uniform results for high-volume production.
 4. Innovative Pins Design: Equipped with pins for stable stacking, facilitating organized storage and efficient handling during baking operations.
 5. Commercial Grade Quality: Tailored for commercial bakeries, food factories, and automatic production lines, meeting the rigorous demands of industrial baking environments.
 6. Customization: Custom-made solutions available from Tsingbuy [hamburger pan manufacturer in China](#), specializing in ODM & OEM baking pans for professional and automated production systems.
- This versatile hamburger pan delivers unparalleled performance, catering to the needs of commercial baking operations seeking efficiency and precision.
