

# Custom Made 2.0mm Aluminum Metal Non Stick Perforated Baking Tray Flat Baking Sheet Pan

## Main features of custom made 2.0mm Aluminum non stick baking sheet pan

### Durable 2.0mm Aluminum Alloy

Constructed from high-strength 2.0mm aluminum alloy, these trays deliver exceptional durability and superior heat distribution for professional baking.

### Fully Customized Design

Tailored to customer's needs with options for perforation, unique dimensions, and specialized features to optimize performance for specific applications.

### Welded Corners with Polished Finish

Expertly welded corners ensure durability, while the polished, smooth surface prevents scratches and enhances ease of handling.

### Non-Stick Coating

Coated with a high-quality non-stick surface for effortless food release and efficient cleaning, ideal for high-volume use in commercial kitchens.

### Expert Manufacturing by Tsingbuy

Designed and produced by Tsingbuy, a trusted professional [perforated baking sheet factory in China](#) since 2006, offering ODM & OEM services for commercial baking trays with unmatched quality and reliability.
