Instructions of coating daily using

Here, Tsinguy [aluminum baking pan producer](#) gives you some instructions of coating daily using, which will make the teflon-coated aluminum baking tray sheet pan more durable and get a longer service life.

1. Cleaning with soft cloth and drying the tray before your using.
2. Using soft cloth or plastic scraper to clean the residues of the inner trays after finish baking.
3. Better to add some Neutral Detergent into temperature water to clean the residues entirely with soft cloth after using several times.
4. Brush some oil to improve the efficiency of coating while baking high sugar products (recommend butter, baking tray's oil or lard oil. Don't use salad oil)
