Natural Color, Adoptive Edible Cottonseeds

The couche is made with picked fresh cotton. The mixed color of the fabric is black cotton cottonseeds which are edible and can come off automatically after washing, so the couche looks more pure gradually.

Non-Sticky & Non-Loss

The couche is non-sticky and can achieve the non-sticky effect with just a small amount of flour. When the bread dough is fermented, it can prevent the loss of water and avoid the surface become dry.
