

Heavy duty aluminum square cake pan with removable bottom

Main features of Heavy duty aluminum square cake pan with removable bottom TSCT68-TSCT73

Anodic treatment

The cake mould is made of aluminium alloy, and the surface is anodized so that it will not oxidize and rust.

Smooth texture

Smooth overall, easy to demould, removable bottom design, flexible and easy to use, suitable for making Chiffon cake, Mousse cake, etc.

Durable

This square cake mold is designed with curling around. It is durable, not easy to deform and easy to use.

Simple and practical

Simple operation, although it is a detachable bottom design, the bottom can also be perfectly fitted with the main body of the mould, pouring into the batter and it will not leak.

Instructions from Tsingbuy [China cake pan factory](#)

Before use, please clean the cake mould, dry it with a soft cloth and use it.

After use, please clean the residue with soft plastic scraper and clean the cake mould.

Residual moisture could be evaporated in low baking temperature which is recommended to be controlled within 100 degrees for about 5-10 minutes. Be sure to store it in a cool and dry place.
