Mesh Stainless Steel filter Strainer with Silicone Handle

Main Features of Mesh Stainless Steel filter Strainer with Silicone Handle TSRP11

- Stainless steel material, treated with mirror polishing technology, not easy to rust, durable

- High quality silicone material, lengthened and thicker handle, solid interface, high temperature resistance

- The screen is uniform and fine, and the filtered flour is uniform and delicate, which solves the problem of agglomeration of baking flour.

- User-friendly hanging hole design, can be hung in any corner of the wall, easy to hang and take off.

- Matters needing attention:

    Dust on the surface of stainless steel can be washed with clean water, then wiped and placed in a dry place.

    The grease or stain on the surface of stainless steel can be cleaned with neutral detergent or special detergent.

    Please put it in a place that children can't easily touch.
