

Non-stick Pullman Loaf Pan with smooth Surface TSTP027-TSTP036

Main features of Non-stick Pullman Loaf Pan with smooth Surface TSTP027-TSTP036

Commercial Grade Material - 1.0mm thickness of Aluminum

High quality aluminum, 1.0mm enough thickness, excellent heat conductivity, good stability, rust-free, much strong durability.

Workcraft - Folded construction with reinforcing wire

Surrounding edges with curling design, smooth and round, comfortable handle, stable structure, easy to take and place. Nonstick and smooth surface for super conductivity and easy demoulding

Easy to operate

Folded construction and reinforced hemmed edge are easy to slide on/off, Best for baking perfect quick bread, flawless pound cake,super moist cornbread,classic meatloaf.

Whether with a lid or not - to make toast of different styles

Drop cover has a reinforced hemmed edge for easy slide on/off and added durability. It's made of American toast with a lid. It's smooth on all sides. And it's a British toast without a lid, with a protruding peak at the top. Whether you need a lid or not depends on personal preferences.
