

Commercial Grade Aluminized Steel Non Stick Bakery Tray Bread Baking Pan, Oval Bread Mold

Main features of aluminized steel non stick oval bread baking mold pan

Introducing our premium oval bread baking mold tray, expertly crafted from durable aluminized steel with drawn seamless construction, for superior heat conductivity and even baking. This versatile pan features 15 oval molds, making it perfect not only for baking perfectly shaped roll bread but also ideal for crafting oval shaped cupcakes, muffins, mini breads, and more. The non-stick coating ensures effortless release and easy cleanup, making it a must-have for commercial and industrial kitchens.

Designed for professional use, this pan is built to withstand the demands of high-volume production in commercial and industrial baking settings. Whether you're in a bakery, restaurant, or food production facility, our 15-mold oval bread baking mold pan offers exceptional performance. Tsingbuy [bread baking pan manufacturer in China](#) also provides professional ODM & OEM services, allowing you to customize the product to meet your specific needs. Trust in our factory supply for reliable, high-quality baking equipment that delivers consistent results every time.
