

304 Stainless Steel Round Deep Mousse Cake Ring Baking Mold

Main features of heart shaped stainless steel mousse ring cake ring molds

High quality 304 stainless steel

Tsingbuy [cake molds manufacturer](#) applies high-quality stainless steel material, which can directly contact with food, safe to use, with high strength, not easy to deform, not easy to rust, and excellent corrosion-resistant.

Roll edge design

Special curling edge design both upper and lower side, no scraping, easy to take and place

Perforation on stainless steel is optional

Perforated surface is good for uniform heating and fast for heat dissipation. You can choose whether be perforated according to your requirements.

Various shapes and multiple sizes for options

Round, oval, square, rectangle, heart, hexagon and many other shapes are optional, freely creating gourmet art works.
