

# Custom Made Commercial Baking Tray U-shape 400x600x14mm Aluminum Perforated Tray Bread Cookie Biscuit Baking Sheet Pan

## Main features of u-shape aluminum perforated tray cookie baking sheet pan

**Aluminum Alloy Metal:** Made of high quality 2.0mm aluminum alloy material, this perforated baking tray is sturdy with commercial construction. It conducts heat well and can withstand baking temperatures up to 300°C. It is resistant to warping, rusting, and deformation. The pan can withstand extreme cold or heat, and it will remain flat.

**U Shape Design and Perforation:** Perforation design allows for better air circulation, resulting in a crisper crust without burning. The U shape make it easy to bake, serve, and clean.

**Red TFL Non Stick Surface:** With a premium TFL non-stick surface in customized red color, cleaning this baking sheet is a breeze. Simply wipe it gently with a rag , and it will stay bright. Its non-stick surface ensures easy baking and cleaning every time.

**Multiple Functions:** ideal for pastries, cookies, petit fours, bread, tart bases, biscuits and more. It is suitable for use in home kitchen, businesses kitchen, and a variety of occasions, including family gatherings, holiday parties, restaurants, and outdoor barbecues. It also makes a great gift for chefs.

**Professional ODM&OEM service:** Tsingbuy [aluminum sheet pan manufacturer](#) has been provides professional ODM&OEM service of commercial baking pans for over 15 years, including baking sheet pan, bageutte pan, loaf pan, multi-mold muffin cupcake baking pan.
