

Heavy Duty Aluminized Steel Cookies Baking Tray

Main features of aluminized steel cookies baking tray

1. This commercial cookies baking tray is made of heavy duty aluminized steel, which will never rust for long service life and makes bread/cake bake and brown evenly due to its superior heat conductivity.
2. It is made with all straight side around and in round corner. The 1.5mm thickness supports enough strength preventing warping during baking.
3. It is produced for multiple function, making brownies, baking large sheet cakes, cooking sheet pan dinners etc.
4. Smooth surface for better baking performance, especially excellent for sponge cakes and making it with smooth on surface.
5. Easy for demoulding and cleanup. It is recommended to be washed by hand.
6. Tsingbuy [aluminized steel cookie sheet supplier](#) makes it in 400*600*50mm size. And customized size is welcomed. Custom manufacturing is one of our largest business and as well as our biggest strength.
