

# Aluminum Non-stick Muffin Tray

## Main features of aluminum non-stick muffin tray

1. High-qualified and food-safety aluminum material, good heat conductivity, light in weight.
2. Teflon and silicone non-stick coating are both optional, for easier mould release and cleanup.
3. Skillful workmanship, make it smooth hand touching feeling, no blur, no scraping hands.
4. Buckled technique make it available to custom manufacturing muffin trays in all different sizes, saving new mould production cost.
5. Inner cup size can be customized.
6. If you want to custom your special size, send us your required tray size and inner cup size.
