

Integrated Hot Dog Bun Pan

Main features of aluminized steel integrated hot dog bun pan

1. Food grade material, high temperature resistance, chemical corrosion resistance, strong hardness, strong wear resistance
2. Integrated machine stamping, special 3D arc groove, making hot dog bun in fuller shape
3. The curved design makes the bun more beautiful and plump after cooling.
4. Flat bottom groove design, after the bun is cooled, due to the reason of heat expansion and cold shrinkage, the hot dog bun will be concave, which will affect the shape and taste of hamburger.
5. Curling edge design, better handle
6. Surface non stick coated treatment, non stick, heat resistant, corrosion resistant, smooth, easy for demoulding and cleaning, good wear resistance.
7. Tsingbuy [hot dog bun pan manufacturer](#) is professional in baking pans industry and specializes in custom manufacturing pans used on machinery food-production lines.
