

Rubber Silicone Sheet Pan

Main features of rubber silicone sheet pan

1. High quality and 1.0mm thick aluminium material for superior heat conductivity, which will be perfectly distributed the same amount of heat across the whole sheet pan, ensuring foods be perfectly cooked and baked.
2. Machine-stamp sheet pan with seamless leak-proof design for variety of usage.
3. Certificated rubber silicone coating for easy release and cleanup. Oil new coated trays when first used can be good for the release properties and longevity.
4. This rubber silicone sheet pan can be made to suit customer's requirement as well with Tsingbuy [full baking tray manufacturer](#).
