

Small Round Angel Cake Mold

Main features of aluminum small round angel cake mold

- 5052 aluminum alloy, anodizing treatment, durable, easy to release cake and clean up
- Concave and convex bottom design, hollow in round shape.
- First line senior technicians operate with fine workmanship, perfect product result.
- Options in size:
 - 3 inches: 75*50mm
 - 4 inches: 95*90*50mm
 - 5 inches: 128*123*60mm
- As experienced bakeware manufacturer and [angel cake mold manufacturer](#), we have professional Team, good service, in-time delivery and large factory production capacity to meet your needs for a large quantity.
- Before using the newly purchased cake mould for the first time, soak it in clear water, dry it, and then apply a little grease on the inner wall of the mould. Bake it in the oven at low temperature (about 150 °C) for about 5 minutes, so as to ensure the durability of the product.
