

Special Shaped Small Tart Rings

Main features of special shaped stainless steel tart rings

High quality 304 stainless steel

Can directly contact with food, safe to use, good corrosion resistance

Perforation design

Good air permeability, not easy to retract during baking, and the baked tart pie is more crisp

Abrazing surface treatment

The mould is smooth and beautiful, with good feel and no roughness

Stitches linked

Easy to clean, no dirt and make the finished product more perfect.

Excellent product quality and service

Tsingbuy is a leading professional [stainless steel tart ring manufacturer](#) with professional team, good service, experienced production technicians and high-qualified product, as well as in-time shipping.
