

Square Molds with Corrugated Bottom

Main features of square cake baking molds with corrugated bottom

- Made of 0.4/0.8 thick aluminized steel, strong and durable for long service life.
- The experiencing setting on thickness is best for heat conductivity, enhancing baking efficiency by a great degree.
- Machine stamped and buckled workcarfts, firm and smooth
- Strengthening bar would be used for large pans for extra support, not deforming during high-temperature baking.
- High-quality and food-safe non-stick surface with certificate, can direct contact with food.
- Custom manufacturing, ODM&OEM service is our biggest strength. Tsingbuy [aluminized steel muffin mould supplier](#) has rich experience after over 12 years devoted in bakeware manufacturing and has become the leading bakeware manufacturer in China.
