10 rows non-stick

A black, ribbed, non-stick surface, likely a cooking pan or tray, shown from a top-down perspective. The surface features ten distinct, parallel, rounded ridges running horizontally across the frame. The material appears to be a dark, possibly ceramic or coated metal, with a smooth finish. The lighting is even, highlighting the texture of the ridges.

12 rows

A photograph of a dark, corrugated metal roof panel. The panel is shown from a slightly elevated, angled perspective, highlighting its wavy, ribbed texture. It consists of 12 distinct rows of ridges, as indicated by the text '12 rows' in the top left corner. The panel is dark in color, possibly black or dark grey, and appears to be made of a heavy material like metal or thick plastic. The background is a plain, light-colored surface.
