10 rows non-stick

A black, ribbed, non-stick surface, likely a tray or container, shown from a top-down perspective. The surface has ten distinct, rounded, parallel ridges running horizontally across the frame. The material appears to be a smooth, possibly plastic or coated metal, with a slight sheen. The edges are slightly raised, and the overall shape is rectangular. The background is a plain, light gray.

12 rows

A photograph showing a 12x12 grid of dark, rectangular tiles, likely solar panels, arranged in a slightly curved pattern. The tiles are dark grey or black with a textured surface. The grid is composed of 12 rows and 12 columns, totaling 144 tiles. The tiles are arranged in a slightly curved pattern, with the top row being the most visible and the bottom row being the least visible. The tiles are mounted on a light-colored surface, possibly a wall or a display board. The text "12 rows" is visible in the top left corner of the image.

12 rows

A black tray with 12 vertical compartments, each containing a small, dark, rectangular object. The objects are arranged in a grid pattern, with 12 rows and 12 columns. The objects are small and dark, possibly black or dark grey, and have a slightly irregular, rectangular shape. They are placed in a black tray that has 12 vertical compartments. The tray is shown from a top-down perspective, and the objects are arranged in a grid pattern. The background is white.
